

Think Farming is Easy?

Step into the boots of a farmer and learn about the decisions that go into making our food.

Try this interactive game — make farming decisions, overcome challenges, and grow a successful season.

To play the game, visit SMADC's website. Information on using SMADC's Digital Touch Screen to host the game is also available on SMADC's website.

Why Learn About Farming

To Gain A Greater Understanding Of
How Our Food Is Produced

Many Americans still believe that food just appears at the grocery store and lack an understanding of the farming process.

Any time you sit down to eat, you are connecting yourself back to agriculture.
